

In addition to our range of network cabling, we provide systems for Intruder Alarms, CCTV IP/Analogue, Access Control, Time & Attendance and Remote Monitoring/Redcare GSM

- **Access Control**

Access Control systems offer our clients the peace of mind that personnel within their properties are actually supposed to be there. The solutions offered by assistTec can be built to each customers requirements from a single door to multiple doors and hotel systems. Our systems can be controlled either with digital keypads, key-fobs, key-cards, proximity, biometric readers or by a reception control keypad.

- NSI Gold approved for Access Control systems
- Multi site PC based or single door standalone systems
- Photo ID and card printing systems
- Biometric readers
- Hands free Proximity
- All reader technologies supported
- System integration with CCTV, Intruder and Fire Alarms
- Visitor Management
- Asset Management
- Guard Tours

All solutions offered by assistTec are designed around our customers requirements and property restrictions and as such are bespoke to each customer and property.
