

- **Fire Alarms**

Fire Alarms systems are an integral part of all employers responsibility and offer personnel and property protection. Today's fire alarms are designed to offer all companies, personnel and properties as much protection as necessary and also comply with British Standards and local Fire Authorities.

assistTec offer a complete service from survey to design and installation ensuring all of customers are protected. Our fire alarm systems can be monitored 24 hrs a day 7 days a week and linked to the local Fire Authorities giving greater protection and response should the need arise.

- All systems work to European and British Standards (BS5839)
- Liaison with both insurers and fire Officers
- Installation, commissioning and maintenance
- BT Redcare secure monitoring
